SMCC For Credit Internship Opportunities

The following Departments offer for-credit internship courses in their majors. To inquire whether or not the particular position you have available could be suitable for a credit-bearing internship, [visit our Degree Programs webpage](#) and select the program you are interested in. You will see the Department Chair contact information listed on this page, who can put you in touch with the faculty internship coordinator for further information about credit-bearing internship opportunities. Employers wishing to post internship positions for paid or summer internship opportunities on the SMCC College Central Network job board, please visit collegecentral.com/smccME.
