Preface

Southern Maine Community College helps people achieve their dreams. At SMCC you can sharpen your skills and expand your opportunities, whether you're aiming for a two-year degree, heading to a four-year university, preparing for a job or growing a business.

With more than 45 degree and certificate programs serving 7,500 people, SMCC is a comprehensive community college of the highest quality. Our graduates see a 73 percent increase in wages just one year after graduation, making an education from SMCC one of the best investments you can make. SMCC also provides customized workforce training and non-credit continuing studies courses that help advance the careers of thousands of professionals every year.

No matter where you live, SMCC brings college close to home. Our picturesque South Portland Campus sits on 80 acres overlooking beautiful Casco Bay, and our new Midcoast Campus in Brunswick offers state-of-the-art classrooms and laboratories to prepare our students for in-demand careers. You can also be a part of SMCC at our Bath Center, through one of our many community satellite sites or online.

Whether you are a prospective or current student, graduate, entrepreneur, partner or friend of the College, we are invested in your success.

History

Southern Maine Community College has grown and evolved over the years, but our mission remains unchanged: to empower students to respond to a changing world and to enhance economic and cultural development in Maine.

Our mission is as vital today as it was in 1946, when the college first opened under the name Maine Vocational Technical Institute (MVTI), a day school in Augusta created to serve returning World War II veterans who needed to learn new skills in a post-war economy. By 1952 MVTI and its 156 students had outgrown their space in Augusta and moved to the site of decommissioned Fort Preble, overlooking beautiful Casco Bay in South Portland. During the 1960s the name was changed to Southern Maine Vocational Technical Institute (SMVTI) and authorization was received to award associate in applied science degrees.

In the late 1980s, the Maine Legislature changed the name of the state's Vocational Technical Institute System to the Maine Technical College System, and SMVTI became Southern Maine Technical College (SMTC). Almost a decade later, in 1998, the college added an associate in arts degree in liberal studies to its offerings, a significant step in its evolution to a comprehensive community college.

In 2003 that transformation was complete. Gov. John Baldacci introduced legislation establishing the Maine Community College System – a move that enjoyed strong bipartisan support in the 121st Maine Legislature. The college name was changed once more, this time to Southern Maine Community College (SMCC).

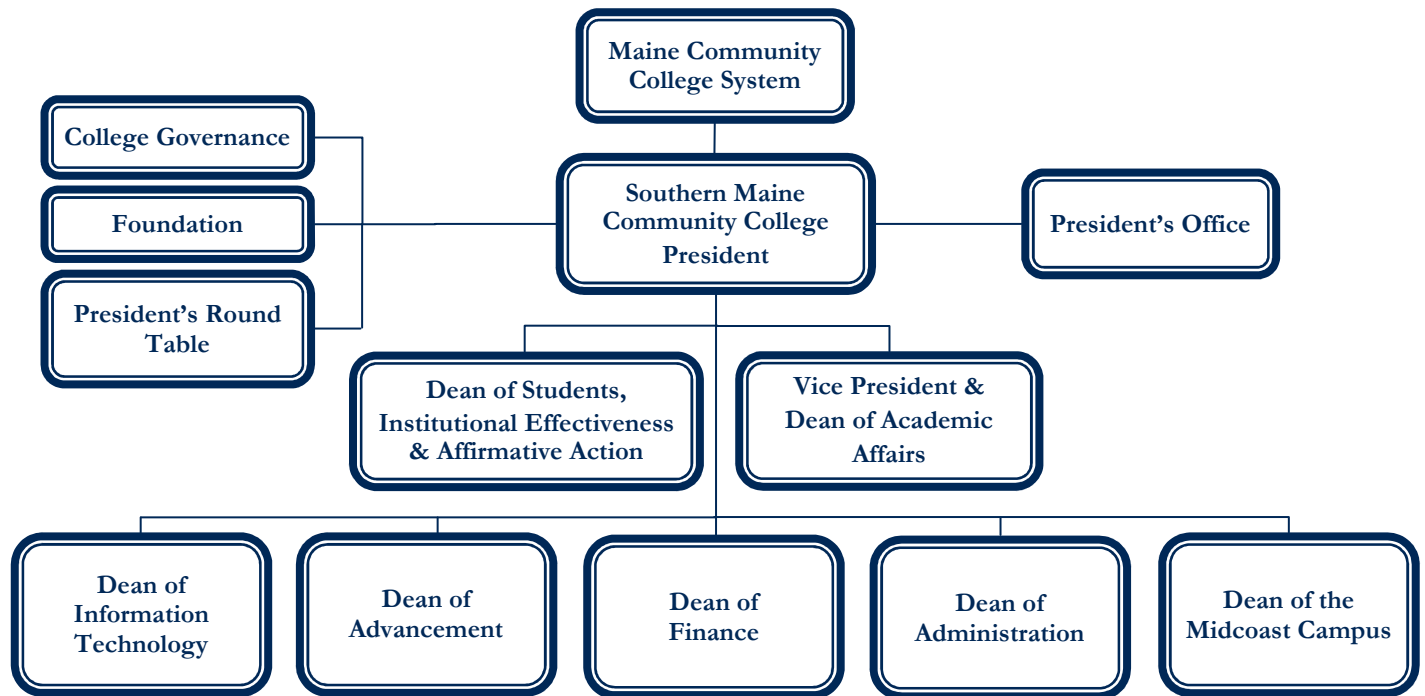

In 2011, SMCC expanded its effort to provide access to high quality, affordable education by opening a second campus at Brunswick Landing, home of the former Brunswick Naval Air Station. SMCC's Midcoast Campus in Brunswick offers students access to state of the art classrooms and laboratories that support studies in pre-engineering, composites, health care, business, arts and sciences and more.

Today, SMCC students come from across the state and around the globe. Whether they are seeking a degree in the trades and technologies that keep our economy humming or the arts and sciences that offer a strong and broad educational foundation, SMCC graduates are successful employees, employers and entrepreneurs. Through more than 40 transfer agreements with colleges and universities in Maine and around the country, our students are able to continue their studies in four-year degree programs.

SMCC has come a long way from a small school in Augusta to Maine's largest community college. We now serve 7500 students and offer more than 45 degree programs at our campuses in South Portland and Brunswick, at 12 satellite community centers, and online. At every step in SMCC's transformation, our college has responded to the changing world and enhanced economic and cultural development for our students and our state.

Student Resources

Academic Advising

Incoming students are invited to attend a group New Student Orientation & Advising session to plan and prepare for their first semester. Once students are registered for their first semester they are assigned an academic advisor to discuss course selection and degree requirements.

Academic Achievement Center

The Academic Achievement Center (AAC) provides professional and peer tutoring in math, chemistry, physics, writing, English, computer applications, AutoCAD, and other subjects. The AAC also offers assistance with test taking, study skills, and other academic success strategies.

Career & Transfer Services

The Office of Career and Transfer Services provides assistance to SMCC students regarding their plans for life after graduation; including support for their employment searches and their plans for further higher education. The support provided is personal, instructive and makes use of up-to-date technologies, information and resources.

WISH Workshops

Workshops In Studying Here (WISH) is a series of three one-hour workshops on college study and success skills. The aim of the workshops is to give students some practical steps they can take to succeed in college.

Computer Resources

Students have access to over 500 computers including open student labs located in the Library, Academic Achievement Center (AAC), and Technology building.

Disability Services

Southern Maine Community College is committed to helping qualified students with disabilities achieve their individual educational goals. Upon request and verification of the disability, the College will provide service coordination and reasonable accommodations to remediate the competitive disadvantage that a disability can create in the educational setting.

Counseling Services

SMCC recognizes the importance of personal counseling to assist students in balancing their academic needs with problems or concerns of a personal, family-related or job-related nature. An on-campus licensed counselor provides short-term counseling services to students free of charge. Confidentiality is maintained throughout the process, and referrals for other community services are provided as needed.

Fitness Center and Recreation

The College maintains a Fitness Center in the Hutchinson Union Building (HUB) with a full assortment of exercise and weight training equipment. The HUB also offers recreational, wellness and intramural programs.

Library

The Library provides students with a strong and evolving collection of on-site books and periodicals, online access to the collections of libraries throughout the state of Maine, and a growing collection of electronic books, encyclopedias, journals, magazines, and newspapers.

Race/Ethnicity

Race/Ethnicity Comparison

* In calculating the SMCC percentages, it is assumed that the proportions of students whose race/ethnicity is "not recorded" who are white or in a minority group are the same as the proportions of white and minority group students whose race/ethnicity is recorded.

** Percentages for Portland, Cumberland County, and Maine were obtained from the 2010 U.S. Census Data. The "White" percentages are percentages described as White and only one race. Each "Minority Group" percentage is calculated as 100% minus the corresponding "White" percentage.

- The graduation percentages in the above table and the chart below reflect awards received within 150% of the normal time required to complete a degree.
- The transfer percentages in the above table and the chart below reflect only transferring students who did not graduate from SMCC.
- There were 220 students in this Fall 2008 Cohort who transferred to another college or university. This includes the 164 who did not graduate from SMCC and an additional 56 who graduated from SMCC and then transferred. 145 of these students transferred to a four-year institution. The states and institutions to which these students transferred are listed on the next page.
