A Brief History of SMCC

Southern Maine Community College (SMCC) has grown and evolved over the years. Our mission today is to transform lives and communities through education and training, and welcome, prepare and inspire all to learn, succeed and lead.

Our role is as vital today as it was in 1946, when the College first opened under the name Maine Vocational Technical Institute (MVTI), a day school in Augusta created to serve returning World War II veterans who needed to learn new skills in a post-war economy. By 1952 MVTI and its 156 students had outgrown their space in Augusta and moved to the site of decommissioned Fort Preble, overlooking beautiful Casco Bay in South Portland. During the 1960s the name was changed to Southern Maine Vocational Technical Institute (SMVTI) and authorization was received to award Associate in Applied Science degrees.

In the late 1980s, the Maine Legislature changed the name of the state's Vocational Technical Institute System to the Maine Technical College System, and SMVTI became Southern Maine Technical College (SMTC). Almost a decade later, in 1998, the College added an Associate in Arts degree in liberal studies to its offerings, a significant step in its evolution to a comprehensive community college.

In 2003 that transformation was complete. Gov. John Baldacci introduced legislation establishing the Maine Community College System – a move that enjoyed strong bipartisan support in the 121st Maine Legislature. The College name was changed once more, this time to Southern Maine Community College.

In 2011, SMCC expanded its effort to provide access to high-quality, affordable education by opening a second campus at Brunswick Landing, home of the former Brunswick Naval Air Station. SMCC's Midcoast Campus in Brunswick offers students access to state-of-the-art classrooms and laboratories that support studies in nursing, composites, business, arts and sciences and more.

Today, SMCC students come from across the state and around the globe. Whether they are seeking a degree in the trades and technologies that keep our economy humming, or the arts and sciences that offer a strong and broad educational foundation, SMCC graduates are successful employees, employers and entrepreneurs. Through more than 60 transfer agreements with colleges and universities in Maine and around the country, our students are able to continue their studies in four-year degree programs.

SMCC has come a long way from a small school in Augusta to Maine's largest community college. In the fall of 2018, we served nearly 6,000 students and offered more than 40 degree programs at our campuses in South Portland and Brunswick, satellite community centers, and online. At every step in SMCC's transformation, our College has responded to the changing world and enhanced economic and cultural development for our students and our state.

ACADEMICS & STUDENT SERVICES

SMCC has more than 40 academic programs in trade and technical fields, as well as in the arts and sciences, that prepare students for careers or for transfer to colleges and universities to continue their education. We offer students hands-on learning led by faculty who work in their fields and have established partnerships with businesses and community leaders.

Student Success Services

ADVISING

Incoming students are required to attend an individual or group New Student Orientation & Advising session to plan, prepare and register for their first semester. Once students are registered for their first semester they are assigned a faculty advisor to discuss course selection and degree requirements. Students are also able to access walk-in advising services with staff through the Advising Office.

CAREER SERVICES

Career Services assists with job searches, career planning, resume development, job fair preparation and more. Career Services is one of the first stops students should make at SMCC to explore possible career goals and the educational pathways needed to reach them.

COUNSELING SERVICES

SMCC recognizes the importance of personal counseling to assist students in balancing their academic needs with problems or concerns of a personal, family-related or job-related nature. For that reason, SMCC has partnered with Sweetser to provide counseling services to students. Sweetser bills students insurance companies if they have insurance or SMCC if the student does not have insurance. SMCC will also pay for any co-pay, co-insurance or deductible so that there are no out-of-pocket costs to students.

DISABILITY SERVICES

SMCC is committed to helping qualified students with disabilities achieve their individual educational goals. Upon request and verification of the disability, the College will provide service coordination and reasonable accommodations to remediate the competitive disadvantage that a disability can create in the educational setting.

FINANCIAL AID

SMCC is committed to helping our students and families with finding affordable ways to finance their college education. All students are encouraged to apply for federal financial aid. Many of our students receive assistance in the form of grants and scholarships, loans and work-study.

TRANSFER SERVICES

At SMCC students can start their education and then transfer to a four-year college upon graduation allowing them to earn their bachelor's degree for less. Transfer Services can help students determine what major to enroll in based on their desired degree, explore seamless transfer agreements, plan the steps to take to transfer and prepare for on-campus visits from four-year colleges and universities.

In 2018-2019

LEARNING COMMONS

The Learning Commons at SMCC integrates the Library, Tutoring and the Writing Center in an active learning space at both our South Portland and Midcoast Campus. It offers students the resources and expertise they need to enhance their learning outside of the classroom to reach their academic goals.

The Library

The Library provides students with a strong and evolving collection of on-site books and periodicals, online access to the collections of libraries throughout the state of Maine, and a growing collection of electronic books, encyclopedias, journals, magazines and newspapers.

Tutoring & The Writing Center

Tutoring Services provides professional and peer tutoring in math, chemistry, physics, writing, English, computer applications, autoCAD and other subjects. Tutoring also offers assistance with test-taking, study skills and other academic success strategies. The Writing Center offers one-to-one writing assistance, drop-in workshops, citation guides and additional resources. The Learning Commons also offers access to online tutoring and writing services.

WISH Workshops

All SMCC students are enrolled in a free Blackboard course called "WISH – My Study Skills," which includes four modules with videos, quizzes and printable certificates. The aim is to give students practical steps they can take to succeed in the classroom and in college. The topics covered are time management, note-taking and reading methods, study skills and test-taking. Students are also welcome to request a one-to-one consultation covering WISH topics with a Learning Commons tutor.

FITNESS CENTER AND RECREATION

The College maintains a fitness center in the Hutchinson Union Building (HUB) gym on the South Portland Campus with a full assortment of exercise and weight training equipment. The HUB also offers recreational, wellness and intramural programs. The Midcoast Campus also offers a fitness room in Orion Hall with treadmills, ellipticals and free weights.

HOUSING

SMCC offers a unique opportunity for its students to live on campus. Living on campus adds to their overall experience and presents further opportunities to form lasting friendships. SMCC has two residence halls on its South Portland Campus, Spring Point Hall and Surfsite Hall, and one residence hall on its Midcoast Campus in Brunswick, Orion Hall.
