

A Light on the Point

Friday, November 6

5:30-8 p.m. on the SMCC South Portland Campus

SMCC's A Light on the Point is occasion to pay tribute to alumni, faculty, staff and the business community for contributions to SMCC and beyond.

Funds raised at this year's Light on the Point will directly support student success—both in and out of the classroom.

Your generosity will help provide scholarships, emergency assistance, and critical resources to ensure every student has access to the tools they need to thrive and complete their education.
